# i-Workchair 2.0

Through the use of advanced knit technology, we've married a complex structure of high performance yarns with softer, more tactile melange yarns, to not only create a unique and contemporary design but to bring additional strength, support, and breathability to i-Workchair 2.0.

Utilizing a new generation of synchronized tilt action, i-Workchair 2.0 mirrors the body's natural pivot points, providing a seamless transition between task focused work, and more relaxed, reclined postures.
