

Delicately simple Densiti's wire frame removes any unnecessary distractions to create a chair with perfect visual proportion and form. But this doesn't mean we've compromised on comfort.

Densiti delivers stunning comfort for extended periods thanks to its meticulously crafted multi-dimensional seat and back — something not typical with such a minimal, hard surface, design.

OVERVIEW

DESIGNER

PearsonLloyd

PearsonLloyd is a product, furniture and innovation design studio led by founders Luke Pearson and Tom Lloyd, and run from a studio in Shoreditch, East London. For the last twenty years, the agency has designed products, systems and environments for the home, workplace, transport and healthcare sectors. In 2008, Luke and Tom were awarded the distinction of Royal Designers for Industry by The Royal Society of Arts in 2012 were named in the top 50 designers 'Shaping the Future' by Fast-Co Magazine in New York.

THE THREE R'S

Senator is committed to continually improving the sustainability of all environmental aspects within our business. To meet both international standards and our own environmental targets we apply the three R's principle – **Reduce, Reuse and Recycle**.

Whilst recycling is the element which receives the most exposure it is actually the last option available and should never be the prime target in anyone's battle to reduce waste.

It is our duty as individuals and as a company to initially attempt to **Reduce** usage. Then we should look to **Reuse** wherever possible and finally, only after these two processes have been exhausted, should we consider **Recycling**.

–Reduce
–Reuse
–Recycle
