## QDOS

Qdos has taken years to make. We've pushed further than ever before creating a product from scratch that will make life better and make you better for sitting on it.

Underneath the finest upholstery and a crisp aluminium frame is pure engineered excellence; its exoskeleton molds and contours to your body meaning you get the utmost support whilst sat in a chair that demands prestige.

**Design by Justus Kolberg**

### Material Content

Components are constructed of the following

### Recycled Content

Contains up to 56% of Recycled Material

### Recyclability

The range is 99% recyclable

# 99%

Environmental information for this range has been based on QDS240C.

## SENATOR 3 R'S

Senator is committed to continually improving the sustainability of all environmental aspects within our business.

To meet both international standards and our own environmental targets we apply the three R's principle

### -Reduce, Reuse and Recycle.

Whilst recycling is the element which receives the most exposure it is actually the last option available and should never be the prime target in anyone's battle to reduce waste.

It is our duty as individuals and as a company to initially attempt to **Reduce** usage. Then we should look to **Reuse** wherever possible and finally, only after these two processes have been exhausted, should we consider **Recycling**.
