

TRILLIPSE CANTILEVER

Trillipse is the original multi-purpose chair family. It is the scale, comfort and uncompromising build quality that has ensured the continued success of this range. Developed as a general purpose meeting chair range for workplace and educational environments, it is just as at home in compact team meeting spaces

as it is in a boardroom thanks to the diversity of finish options.

Versatility is one of the key design principles of the seating range. Trillipse encompassing elegant, ergonomic design and contemporary features to provide excellent comfort and uncompromising style.

DIMENSIONS

DESIGN

Paul Brooks

Paul Brooks graduated from Ravensbourne College of Design to go onto the RCA before joining the design team of Robert Heritage, OBE RDI, in 1983.

Paul established his own practice in 1988 and has since worked with a host of UK and European furniture manufacturers becoming a well established figure in the design community with many highly successful designs to his credit.

MATERIAL CONTENT

Components are constructed of the following

RECYCLED CONTENT

Contains up to 24.00% of Recycled Material

RECYCLABILITY

The range is 99% recyclable

99%

SENATOR 3 R'S

Senator is committed to continually improving the sustainability of all environmental aspects within our business.

To meet both international standards and our own environmental targets we apply the three R's principle

-Reduce, Reuse and Recycle.

While recycling is the element which

receives the most exposure it is actually the last option available and should never be the prime target in anyone's battle to reduce waste.

It is our duty as individuals and as a company to initially attempt to **Reduce** usage. Then we should look to **Reuse** wherever possible and finally, only after these two processes have been exhausted, should we consider **Recycling**.

REDUCE
REUSE
RECYCLE
