

With height adjustability playing an ever increasing role in the modern office, WorkBase offers a comprehensive solution that offers height-settable as standard.

WorkBase provides each user a defined space where each work surface is height settable allowing the user to define their own ideal working posture.

The side screens provide varying degrees of privacy to individuals and teams to easily accommodate more collaborative or focused working environments.

Back to Back Desk Screens Widths: 1200 / 1400 / 1600 / 1800 / 2000

THE THREE R'S

Senator is committed to continually improving the sustainability of all environmental aspects within our business. To meet both international standards and our own environmental targets we apply the three R's principle – **Reduce, Reuse and Recycle**.

Whilst recycling is the element which receives the most exposure it is actually the last option available and should never be the prime target in anyone's battle to reduce waste.

It is our duty as individuals and as a company to initially attempt to **Reduce** usage. Then we should look to **Reuse** wherever possible and finally, only after these two processes have been exhausted, should we consider **Recycling**.

–*Reduce*
–*Reuse*
–*Recycle*
