SENATOR

QDOS

Qdos has taken years to make. We've pushed further than ever before creating a product from scratch that will make life better and make you better for sitting on it.

Underneath the finest upholstery and a crisp aluminum frame is

pure engineered excellence; its exoskeleton molds and contours to your body meaning you get the utmost support whilst sat in a chair that demands prestige.

DIMENSIONS

DESIGN Justus Kolberg

Justus Kolberg has been running his own design studio in Hamburg since 1997 after completing his studies in industrial design at the Muthesius Academy of Fine Arts and Design in Kiel in 1990. Justus has received numerous honors including the IF Hannover Product Design Award, the Red Dot Design Centrum NRW, the IDEA-Gold Industrial Design Excellence Award and the Japanese Good Design Award.

SENATOR

MATERIAL CONTENT

Components are constructed of the following

	4.84%
Fabric	
	2.38%
Nylon 6	
	14.33%
Polypropylene	
	43.61%
Aluminum Castings	
	0.67%
Stainless Steel (304)	
	19.33%
Steel	
	14.84%
PU Foam	

RECYCLED CONTENT

Contains up to 56% of Recycled Material

RECYCLABILITY

The range is 99% recyclable

SENATOR 3 R'S

Senator is committed to continually improving the sustainability of all environmental aspects within our business.

To meet both international standards and our own environmental targets we apply the three R's principle

-Reduce, Reuse and Recycle.

While recycling is the element which

receives the most exposure it is actually the last option available and should never be the prime target in anyone's battle to reduce waste.

It is our duty as individuals and as a company to initially attempt to **Reduce** usage. Then we should look to **Reuse** wherever possible and finally, only after these two processes have been exhausted, should we consider **Recycling**.
